

Meet our Psychology Team

Mrs E Kidd: Inclusive Education Team Psychologist

Mrs K van Zyl: School-based Psychologist - focused on Grade 1-6

Ms D Kotze: Registered Counsellor - focused on Grade 7 – 12

The Psychology Department at Tafelberg School consists of two psychologists, one school-based and one as part of our Inclusive Education outreach team, as well as one school-based registered counsellor.

As a team, our aim is to provide support to the learners, parents and the staff of Tafelberg School.

We assist the school and WCED with the placement or transfers of learners at our school, working closely with Metropole North Education District.

We form part of the multi-disciplinary team in our school, assisting with scholastic intervention in the form of Individual Support Plans and emotional well-being.

Please note that learners who require regular and intensive therapy are usually referred to psychologists or psychiatrists in private practice.
