

# TAFELBERG SCHOOL

## SAFETY AND SECURITY POLICY

Implementation Date: This policy is implemented on 1 January 2011.

---

Mr L. Benecke  
Principal

## **1. Introduction**

Tafelberg prides itself in the standard of education and quality of interventions provided to our learners. We wish to maintain and improve in the holistic development of our learners and their well-being and create a safe educational environment.

## **2. Aim and Objective**

- To ensure fast and well co-ordinated action in an emergency situation.
- To assess the type of emergency that may be required to be dealt with.
- To outline the procedures adopted to cope with fire, bomb threat, civil unrest and any other emergency which may arise and to instill confidence in those carrying out this task thus avoiding panic.

## **3. Command and Control**

At all times during an emergency or an exercise the Emergency Controller (normally the Principal and/or Vice Principal) will be in absolute control and will:

- Issue directives relating to the incident;
- Co-ordinate actions as laid down in this plan;
- Liaise with the emergency / essential services;
- Set an example by remaining calm and in control of the situation.

## **4. Control Centre**

The reception office would act as the control centre for an emergency. Information incoming or outgoing relating to the incident must be recorded and passed through this centre. This office must be equipped with the necessary telephone and warning equipment as well as a list of the relevant emergency and essential service telephone numbers<sup>1</sup>

## **5. Safety Committee<sup>2</sup>**

The Safety Committee is responsible for:

- 5.1. Identify the school's security problems<sup>3</sup>
- 5.2. Revise the Safety & Security Policy yearly;
- 5.3. Overseeing and monitoring the implementation of the Safety & Security Policy;
- 5.4. Ensure regular Evacuation Drills for learners and staff;
- 5.5. Regularly check emergency sirens, fire extinguishers, first aid boxes.
- 5.6. Assist Emergency Controller during evacuation and or emergency situations.
- 5.7. The Fire Fighting team<sup>4</sup> must receive training.
- 5.8. The Fire Fighting team is responsible to assist the Fire department in the case of a fire.

## **Annexure E: Emergency Exit Route**

Please see attached maps for different Emergency Exit Routes  
To be placed in all classrooms & offices, behind the door.

## **Annexure F: Bomb Threat Guidelines**

The following procedure should be used in the event of a telephone bomb threat. It is essential that as much information as possible be gathered before the caller hangs up.

### **STEP 1**

Ask the caller to IDENTIFY himself.  
Keep him on the line for as long as possible.

### **STEP 2**

Ask for the MESSAGE TO BE REPEATED, and WHAT TIME the bomb is set to explode.

### **STEP 3**

If the caller does not reveal the LOCATION of the bomb, ASK for it.

### **STEP 4**

Try to DETER the caller by impressing the fact that the buildings are occupied and the explosion may cause death or injury to innocent persons.

### **STEP 5**

TAKE NOTE WHILST SPEAKING, listen for:

- Unusual background noises, machinery, music, voices so as to obtain a clue to locate the call.
- Pay attention to voice quality, accent, impediment, etc.
- Pay attention to tone of voice for indication whether caller is serious or otherwise.

### **STEP 6**

Once the caller has hung up, call the POLICE and EMERGENCY CONTROLLER immediately.
