PTA Present ...

DEAR PARENTS

- We would like to remind you that magic words such **as hello, please, you're welcome, I'm sorry, and thank you**, all begin to be learned at home.
- It's also at home that children learn to be honest, to be on time, diligent, show friends their sympathy, as well as show utmost respect for their elders and all teachers.
- Home is also where they learn to be clean, not talk with their mouths full, and how/where to properly dispose of garbage
- Home is also where they learn to be organised, to take good care of their belongings, and that it's not OK to touch other's.
- At schools on the other hand, they teach language, math, history, geography, physical education. We only reinforce the education that children receive at home from their parents
- With this, we appeal from you to help us instil discipline at all times to your children.
